REGISTRANT CODE: [REDACTED]
EXPIRATION DATE: 10/31/2018

Reference: Manufacturer Registration Statement and Fee Submission

Dear Mr. Coburn:

The Office of Defense Trade Controls Compliance received your registration statement and fee to register as a manufacturer. We have reviewed your registration statement and your registration code is [REDACTED] which expires on 10/31/2018.

Any person who engages in the United States in the business of either manufacturing or exporting defense articles or furnishing defense services is required to register and keep that registration current with this office pursuant to the Arms Export Control Act (AECA) and the International Traffic in Arms Regulations (ITAR Part 122). Registration serves as a precondition to submitting an application for an export license or other approval from the Directorate of Defense Trade Controls (DDTC), or to use export exemptions. This registration does not satisfy the requirements for registering as a broker pursuant to ITAR Part 129.

As you are the senior officer empowered to sign the registration statement, we ask you to maintain records consistent with ITAR Section 122.5 regarding: 1) The key senior officer listed on the registration who will oversee the compliance program and be responsible for designating the direct employees who will serve as “empowered officials” at their place of employment, and 2) A list of qualified, direct employees who will serve as “empowered officials” by name, position, business unit, phone and fax numbers and email addresses. Please note that third parties (individuals who are not direct employees, such as consultants, subcontractors or outside counsel, for example) cannot serve as “empowered officials.”

ITAR Section 122.5 requires you to maintain records concerning your registration and the manufacture, acquisition and disposition of defense articles; the provision of defense services; and information on political contributions, fees, or commissions furnished or obtained, as required by ITAR Part 130. Records maintained shall be available at all times for inspection and copying by this office or by Customs officials. To maintain such records, managers,

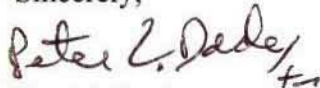

supervisors and employees need appropriate training on AECA and ITAR requirements and must understand the individual and organizational ramifications of failure to comply. Ramifications may include shipment delay and/or shipment seizure by Customs and Border Protection, loss of export privileges, or criminal charges.

You may refer to the DDTC website for a Compliance Guide at <http://www.pmdtc.state.gov/> and then click on the Compliance tab. The DDTC website also includes a copy of the ITAR, explanations of export licensing procedures, how to submit a license application, country sanctions, individuals/companies debarred by the Department of State, and other export matters. The website also includes procedures for requesting a commodity jurisdiction determination (ITAR Section 120.4) should you have questions on whether an article, services, or technical data is covered by the ITAR Part 121 (U.S. Munitions List).

Please include your registration code and the following statement on all registration correspondence to this office: "Under penalty according to federal law (22 CFR 127.2; 22 USC 2778; 18 USC 1001) I, [insert your name], as authorized by [name of company, if applicable] warrant the truth of the statements made herein." We recommend submitting for registration renewal well in advance to ensure this office receives the request up to 45 day before registration expiration. Your registration must be received at least 30 days before the expiration date. Registration must be current to apply for export licenses or other approvals, or to use export exemptions. Your registration is not current, for example, if you have not notified this office of any material change in the information contained in your Registration Statement (ITAR Section 122.4).

If you have any questions regarding registration, please contact us at (202) 663-1282 or DDTCResponseTeam@state.gov.

Sincerely,

A handwritten signature in black ink that reads "Peter L. Dadey" with a small mark below it.

RE: Drug & Alcohol Testing Certification of Compliance

BEA CERVANTES
ALL METALS PROCESSING OF ORANGE COUNTY, INC. (FAA)
8401 Standustrial Ave.
Stanton, CA 906804552

All safety sensitive employees, for the period indicated below, are hereinafter referred to as a "consortium members." These are members of the DrugTestNetwork Consortium, per the United States Department of Transportation (DOT), FAA.

Period of Coverage 09-25-2017 - 09-28-2018

Consortium members have been placed into a computerized "random selection generator." Periodic drawings from this generator will result in names of consortium members being randomly selected for drug and alcohol testing.

At least 25% of the consortium will be selected each calendar year for controlled substance abuse urine testing.

At least 10% of the consortium will be selected each calendar year for controlled alcohol breath testing.

Consortium members who are selected for testing are responsible for reporting immediately for testing. Failure to test, or failure to complete a test in a timely fashion, per DOT regulations, will be deemed a "refusal to test."

All test results will be available to employing agency. All positive tests will be forwarded to the employing agency.

We remain available to answer your questions or assist you in solving problems as they may arise.
